Power/Charging

For better enjoyment, fully charge the speaker before use.

A USB-C charging cable (charge only) is included for standard USB compatible device.

Please use a 5V/1A or above power adapter (not included).

Caution: - Other incompatible charges may cause damages.

- Do not use if the connector or device is wet or damaged.

Power On/Off

To turn on the speaker, press and hold the Power On/Off Button for 2 seconds, you will hear a power on tone.

To turn off the speaker, press and hold the Power On/Off Button for 2 seconds, you will hear a power off tone.

Caution: If no Bluetooth device is connected, the speaker will turn off in 15 minutes.

Bluetooth Connection

- When first used and turned on, the speaker will automatically enter a waiting mode for connection.
- If the Bluetooth device is already connected, press " ✕ " button to disconnect the current connection so that you can connect to another device.
- The speaker will automatically enter pairing mode if it is not connected to a Bluetooth device.

When connecting, enable the Bluetooth function of the mobile phone, search for "**Monster Atomic Atom**" and connect. After the connection is successful, you will hear a prompt, the white light of stays on.

Music Control

Short press " ⏻ " music can be played or paused.

Call Mode

Answer a call: Short press the " ⏻ " button.

Reject a call: Double click the " ⏻ " button.

End the call: Short press the " ⏻ " button.

Volume Control

Scroll up to increase the volume.

Scroll down to decrease the volume.

Voice Assistant

When Bluetooth is connected, double-click the " ⏻ " button to enable/disable the voice assistant.

BLUETOOTH BROADCAST MODE

Set one " Atomic Atom " as the main speaker, and you can connect it to more than 100 auxiliary " Atomic Atom" speakers to control their functions.

- 1.First, connect one of the " Atomic Atom " speakers to your Bluetooth device (such as a mobile phone) as the main speaker and play music.
- 2.Press the " ✂ " button twice on the main speaker and other " Atomic Atom " speakers to enter Bluetooth broadcast connection mode and connect automatically.
- 3.After successful connection, the green LED indicator on the main speaker will continue to flash, and the green LED indicator on the auxiliary speaker will change from flashing to long light.

After successfully entering Bluetooth broadcast mode

- You can turn off all speakers, adjust the volume, etc. by controlling the main speaker.
- You can turn off the power of each auxiliary speaker separately.
- To exit Bluetooth broadcast mode, press the " ✂ " button on any speaker twice.

Power Saving Settings

In Bluetooth mode, when no device is connected, the speaker will be switched off automatically in 15 minutes.

Reset Device

If the speaker needs to be reset, press and hold the " ⏻ " button for 8 seconds.

Caution

- It is not recommended to replace the battery privately.
- The battery (battery pack or battery pack combination) must not be exposed to sunshine, fire or similar overheated environments.

FCC Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
